Re: Fee Increase

Dear Sir(s)/Madam(s),

It is with great regret that I inform you of our current fee increase. As of July 31, 2006, OMST will double it's current fee schedule. This increase is a direct result of DTC's unwillingness and refusal to aid OMST with a smooth transition to its FAST program. OMST is a registered Transfer Agent with the United States Securities and Exchange Commission and complies with all of its Rules and Regulations. DTC's dismissal of this fact is inappropriate and irresponsible. OMST has been severely damaged by this loss of business and our very existence is now in jeopardy. Although we cannot as of now estimate the financial consequences of DTC's inaction, we will employ forensic accountants to assess the damage.

We have enclosed a copy of the current fee structure for you and will deliver it to every department that we are aware needs it so that an easy transition will be possible. In the event that a timely response and assistance to your FAST program is offered, we will consider returning our fees to their current rates.

Please understand that this increase in fees is quite necessary and is unfortunately an obligatory recourse. We hope that this letter will facilitate more cooperation between DTC and OMST.

You may contact us or our attorney, Richard Fox, at any time if you have any questions or concerns.

Sincerely,

John Christopher Troster  
President
